Tami Fordham

Thanks Patty,

What is an example of RCRA for a mine site? I am assuming this would be the handling/transportation of hazardous wastes? Also, what do you think about putting links to the Mining Associations and other links I put on slide 21? Thanks - Tami

Tami -

I made a few changes as follows:

slide 5: added a bullet that states that EPAs involvement also has included reviewing baseline data and sampling reports.

slide 6: identified the state agencies that are typically involved

slide 7: removed the distinction between active, proposed, and inactive mines since really many of the environmental laws can be used at any site.

I am working on friday. Currently the only meeting that I have scheduled is from 2-3 pst. Let me know if you want me to call in to the pebble meeting.

- Patty

Subject Iliamna Presentation - DRAFT

Hi John & Patty,

I wanted to share this draft presentation with you, I am not done but wanted to give you as much time as possible to review before Friday morning. I have made a few changes to our presentation and I am looking for more resources; Ex. 5 - Deliberative there. The meeting with the Iliamna Tribes will be happening over the phone on Friday at about 1130AM AST.

Would love to have you review it before it is presented on Friday.

Patty, are you going to be on the phone on Friday? I know John will be on the road and he will try to call in but I don't think it is realistic to expect that he will be able to participate. Greg Kellogg will be on the phone.

Thanks! Tami
